

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Adopt Resolution Awarding Contract for Asphalt Rubber Cape Seal, Various Streets, 2007 Project to International Surfacing Systems, Inc., of Modesto, (\$399,432.68) and Appropriating Additional Funds (\$75,000)

MEETING DATE: July 18, 2007

PREPARED BY: Public Works Director

RECOMMENDED ACTION: Adopt a resolution awarding the contract for the Asphalt Rubber Cape Seal, Various Streets, 2007 project to International Surfacing Systems, Inc., of Modesto, in the amount of \$399,432.68 and appropriating additional funds in accordance with the recommendation shown below.

BACKGROUND INFORMATION: This project consists of the rehabilitation and resurfacing of approximately 64,500 square yards of various City streets (see attached maps) with a layer of an asphalt rubberized chip seal followed by a layer of slurry seal on top and other incidental and related work, all as shown on the plans and specifications for the project.

The Asphalt Rubber Cape Seal, Various Streets, 2007 project consists of the rehabilitation and resurfacing of various City streets with a layer of an asphalt rubberized chip seal followed by a layer of slurry seal on top that is placed seven to ten days after the chip seal. The combination of the asphalt rubberized chip seal and the slurry is commonly known as a cape seal. While a slurry seal only seals the road and provides a new wearing surface, the hot applied asphalt rubberized cape seal provides added strength, stability, and crack reduction benefits similar to the performance benefits of an overlay but at a much lower cost. An asphalt rubberized cape seal provides a cost-effective alternative to a more costly asphalt overlay to extend the life and rehabilitate deteriorated roads and streets within the City. This asphalt rubberized cape seal provides for an added step in the City's street maintenance program that should allow the City to defer the need for an asphalt overlay and possibly decrease the costs of that overlay.

Plans and specifications for this project were approved on May, 16, 2007. The City received the following bid for this project on June 27, 2007.

Bidder	Location	Bid
Engineer's Estimate		\$389,652.50
International Surfacing Systems, Inc.	Modesto	\$399,432.68

APPROVED:

Blair King, City Manager

The bid received from International Surfacing Systems, Inc., is compliant with the City's plans and specifications, the bidder possesses the required valid contractor's license and the bid is in-line with the estimate. A bid summary is attached.

The difference between the contract and the requested appropriation includes funds for adding Harney Lane (between Ham Lane and Hutchins Street) to the contract. Additional funds will also be needed for materials testing and an allowance for contingencies arising from unforeseen changes in the work.

FISCAL IMPACT: There should be a slight decrease in short-term street maintenance costs at the completion of this project. The additional appropriation is from the Measure K Local Street Repair Fund which has sufficient funds due to cost savings on other projects.

FUNDING AVAILABLE:		<u>Total</u>	<u>2007/08 Budget</u>	<u>Additional Appropriation</u>
Requested Appropriation:	Measure K	\$300,000	\$225,000	\$75,000
	Street Fund	\$240,000	\$240,000	
Project Estimate:		\$540,000
